Additional Services We Provide

- Private BTW lessons for teenagers. These lessons will **NOT** be counted towards the Virginia State requirement of 7 *Fifty* minute periods of driving and 7 *Fifty* minute periods of observation. However private lessons can count towards the 45 hour required driving with parent/guardian. The private lesson is intended to give a student 1 on 1 instruction to gain confidence and/or cover topics that the parents are unable to cover. The charge for these lessons is \$40/hour.
- From time to time we have been asked to teach the classroom portion of Driver's Ed for a group of students (such as a sports team or religious group). We require a minimum of 10 paid students to provide this service. For more information please contact us at the number listed above.
- We offer private driving lessons to adults. These lessons can be "refresher" lessons for someone who hasn't driven in awhile, confidence building, and lessons for adults that have never driven before. The charge for these lessons is \$40/hour.
- In conjunction with Friendship Retirement Outpatient & Wellness Center we provide in car evaluations for adults who have been recommended to have an evaluation by the DMV, Doctor, or family member.
