

Welcome to Virginia Western Community College. Virginia Western is the leading provider of higher education and continuing education for Roanoke-area residents with an annual enrollment of over 12,000 students. You'll find that we have a well-deserved reputation for personal attention from friendly and helpful people.

Student Responsibilities

- Students must complete a VWCC non-credit application and enroll in the TRNS 2497 class. Students may register and pay on-line once class is scheduled.
- Any students not enrolled prior to class start must complete VWCC non-credit application forms and make tuition payments directly to VWCC on the first day of class. **Note:** Students are enrolled in Virginia Western and tuition payments **must** be made directly to Virginia Western.

Once your student application is complete, you will be able to access Virginia Western's Student Information System using your new Username, Password, and Emplid/Student ID. Through the Student Information System, you will be able to register for additional classes, make tuition payments on-line and manage your personal information through the Student Center. You will also be eligible for the Student ID card. For more information on how to receive your ID Card, go to: <http://virginiawestern.edu/services/idcards.php>

Student Discounts (with valid Student ID Card)
